ONGOING PROGRAMS AND ACTIVITIES

- **Healer Within Community Tai Chi and Qigong Practice Session**
  In 1985 the Founders of Healer Within Foundation (HWF) collaborated with local agencies (Santa Barbara Community College Adult Education, Santa Barbara College of Oriental Medicine, The Regional Housing Authority) to provide the Healer Within Community Practice Session as a community based health improvement program. In 2003, this program was taken over by the HWF as a community outreach service of the HWF Mission and as a model for programs throughout the nation. Since its inception thousands of individuals have attended this weekly event.

- **Stress Management and Healthy Self-Care in the Prison System**
  From its inception, the HWF has provided a free multipage Self Care and Stress Mastery Guide to the California prison system. The guide includes illustrations and guidelines from The Healer Within book. This is a free service to the inmates. Healer Within Foundation continues to receive many expressions of appreciation.
